TELEVISION EVOLUTION

Thecasesolutions.com

How did Television
evolve throughout
the years?

1928's Television

Thecasesolutions.com

2

Television was electric back in the day.

- ~ They were semi-mechanical*
- ~ huge bodies*
- ~ The screens were tiny*
- ~ This was made in the 1928's as part of a Experimental TV Program.*

this television is called "Octagon."
