SHOP Until You Drop

Thecasesolutions.com

To shop till you drop is an American **idiom** which means to buying things until you are physically tired and cannot walk around the shops anymore. Sometimes it is spelled **shop 'til you drop**.

The phrase is found in 1920s, and possibly earlier. It started as an **advertising slogan**. It meant that you should go to one store instead of running around to different places and becoming tired. Over time it morphed into the current meaning of wanting to be exhausted from the activity.
