Agenda

Thecasesolutions.com
This presentation will explain the disadvantages of cosmetic surgery, through three different ideas. You will be watching video clips, listening to the presentation and participating in activities in order to understand the consequences of cosmetic surgery.

Cosmetic surgery is wrong because it can change someone's lifestyle in a negative way, it is very expensive and it can cause serious health problems.

CONCLUSION

Thank you for listening to my presentation and I hope you have learned and now have a higher understanding of the dangers of cosmetic surgery.

Thecasesolutions.com

Here is a question for you.... and I want you to think about this throughout the presentation....

Would you ever risk your life, your money and your health in order to change a flaw that you may think is ugly but someone else may think is beautiful?

GAME RULES

Thecasesolutions.com

- Fa compo de la game peo
must...
