Philadelphia: "World's Greatest Workshop"

**A VIEW IN THE KENSINGTON MILL DISTRICT**  
Most of the mills shown in this picture manufacture textile goods. Two wards, in the northern section of the city, produce more carpets than the whole of Great Britain and Ireland. Philadelphia is primarily a manufacturing city, the greatest manufacturing city on earth—the "World's Greatest Workshop," but she lays a special emphasis upon her prestige as the world's largest manufacturer of textiles.

## WCRP's Mission

The Women's Community Revitalization Project (WCRP) is committed to social and economic equity for low-income women and their families. We develop housing; provide supportive services; advocate for policy change; and honor leadership, dignity, and justice in our communities.

"When you start with women, you are at the core of communities and families. There is power in women working together to make change. WCRP has created a model that works for community development, putting that power to work for low-income women and their families" (WCRP, 2012).
