YonYou Software Co.

"Leading Enterprise Management
Software and Cloud Service Provider"

Headquartered in Beijing, Yonyou Software Co., Ltd., formerly known as "UFIDA", was founded in 1988. It is now recognized as a leading enterprise management software, solutions and cloud service provider in China and the Asia Pacific region. They specialize in the research, development and provision of software and solutions for Enterprise Resource Planning (ERP), Supply Chain Management (SCM), Customer Relationship Management (CRM), Human Resources Management (HRM), Business Intelligence (BI) and Office Automation (OA) for companies of different scales and industries. Besides, they offer on-line application services implemented in the Software-as-a-Service (SaaS) mode and a full spectrum of professional services. Yonyou has re-engineered its management philosophy and business strategy to product-oriented and service-oriented. These products are constantly upgraded with enhanced functionality, some of which are custom made for foreign enterprises entering the China market.

Yonyou went public on 18 May 2001 on the Shanghai Stock Exchange. Since their establishment, they have helped over 1,500,000 enterprises and organizations, including 60% of the top 500 enterprises in China, enjoy unparalleled efficiency, flexibility and remarkable performance with their top-notch products and services, underlining their role as the trusted partner of prestigious clients around the world.

TheCaseSolutions.com

specialized in financial accounting until 1995
and transitioned to erp software with multiple
product lines catered to high, mid and low end markets.
