About us

Owner and Founder Spencer Williams bought a small cut-and-sew pet toy company in Livingston, MT. I grew up on a ranch and so animals always had a special place in my heart – especially for stray dogs and cats. Spencer's team set out to make the world's safest and highest quality pet products. Instead of outsourcing manufacturing to Asia, which was the current trend in the 90's, Spencer decided to invest in local talent and the community, by building a state-of-the-art, eco-friendly manufacturing facility. West Paw Design is still located in this building today. West Paw Design still uses USDA certified catnip in its cat toys and stores finished goods in re-usable banana boxes (keeping them out of the landfill and eliminating the need to buy plastic totes).

Social Responsibility

We choose to use eco-friendly materials in our beds and toys wherever we can—stuffing made from recycled bottles, plastic made from old chew toys, and organically-grown hemp, cotton, and catnip. By relying on environmentally-friendly materials, we help keep waste out of landfills, chemicals out of soil and water, and toxins out of toys—while still crafting extraordinarily durable beds and toys. When things last longer, people replace them less—and that's pretty eco-conscious, too.

Products:

- Donations and Volunteering:
- Intelliloft Stuffing and Fabric: exclusive eco-fiber, made completely from recycled plastic.
- Organic Cotton:
- Hemp:
- Zogoflex®:
- Black Zogoflex:
- Join the Loop:
- Oeko-Tex:
- USDA Organic Catnip:

B Corp Certified

- Handcrafting 100% of our products in the USA
- Manufacturing completely safe products: BPA and phthalate-free, non-toxic and FDA compliant
- Relying on eco-friendly materials
- Hosting a Join the Loop® toy recycling program
- Working from an environmentally conscious office building
- Offering generous wages and benefits (including flexible schedules) for employees
