Background

- Shawn Jackson and Simon Sethi
- Northern California, 2002
- 30 outlet fast food chain
- Focus on 'freshness' and special nutritional diets
- 'Hands-on' style of management by CEOs

Key Concerns

- High labor turnover
- Low customer satisfaction
- Flat revenue growth

TheCaseSolutions.com

Owner's Dilemma

- Expand
- Continue Trial
- Modify
- Abandon

TheCaseSolutions.com

Existing Pay Structure

- Basic Pay: At Par with industry
- Variable: Differs w.r.t amount and qualifiers
- 5 Bands: Revised on yearly basis
- No pay difference b/w top & low range of band
- Incentive to improve after band is achieved

TheCaseSolutions.com

ShareIT

- Profits = Performance Metric
- Quarterly appraisal, linked to profits not revenue
- Store Manager: 35% profits
- Associate Manager: 15% profits
- WrapItUp: 50% profits
- Paid one month after quarter end

TheCaseSolutions.com

Employee Enfranchisement

- Achieved through an integration of empowerment with methods of pay-for-performance
- Participatory management; encouraging employees to participate in organizational decision making
- Employees are encouraged to voice their opinions about their working conditions
- Such combinations have the potential for producing extraordinary service
