Five things about Obama care

- 1.Obamacare is not "FREE" health care. People have finally realized that the word "free" is nowhere to be found in Obamacare's " Affordable Health Care Act". Coverage under President Barack Obama's health care law won't be cheap.
- 2.If an insurance company raises premiums, they must publically justify them.
- 3.The amount you spend on premiums has to be spent primarily on healthcare rather than administrative costs.
- 4.Healthcare plans cannot limit or deny benefits for pre-existing conditions.
- 5.If your child is under 26, they may remain on your healthcare plan.

Three pros to Obama Care

TheCaseSolutions.com

- 1.The biggest benefit is that it lowers overall healthcare costs.
- 2.It requires all insurance plans to cover ten essential health benefits, including treatment for mental health, addiction and chronic diseases.
- 3.Insurance companies can no longer deny anyone coverage for pre-existing conditions, drop them, or raise premiums once they do get sick.

Three Cons to Obama care

TheCaseSolutions.com

- 1.increased coverage may raise overall health care costs in the short-term.
- 2.Increased coverage may raise overall health care costs in the short-term.
- 3.About 4 million people, or 1.2% of the population, will pay the tax rather than purchasing health insurance..

Obama care Myths

1.Myth: Obamacare is free health insurance.

Fact: The ACA offers low-cost insurance, but it doesn't provide free insurance to anyone.

2.Myth: I don't have to pay the penalty fee if I can't afford coverage.

Fact: Certain people are exempt from the individual mandate.

3.Myth: The ACA has had a negative effect on employment and the economy.

Fact: Obamacare has not been around long enough to gauge long-term economic impact.
