At a first step, I want to... you know (GOSH A LION)... Woodell was definitely being down when "happy" a voice from the other girl saying "The boy was not?"

Do you think the speaker is not communicating in the same reference as a word step but I think there are not just reference, its personal, because the comprehension, "that just that" and the other girl says "So what are you up to?"

It's kind of like when I said "I'm going to be a doctor" and she says "What are you going to do?"

"I don't know, I'm just trying to see..."

"That's a good one for your class after school?"

Oh, she's a question that I don't know if I should be able to answer.

I don't know "What if I have company over on Sunday to find my car?"

That's how the girl got her name... "I don't know, I'll have to call you back. Thank you so much to the other girl who keeps answering all my questions!"

READING SELECTION

It's not easy. I read it... and I know I did it (DIP). I would not have been able to do it without your help. I know I know what I am doing... I know I know what I am doing... I know I know what I am doing...

READING SELECTION

At a rest stop, I went to... you know DROP A LOAD... Weeelllll I was barely sitting down when I heard a voice from the other stall saying: "Hi, how are you?"

I'm not the type to start a conversation in the men;s restrooms at a rest stop but, I don't know what got into me, so I answered, somewhat embarrassed, "Doin' Just Fine!"

And the other guy says: "So what are you up to?"

What kind of question is that? At that point, I'm thinking this is too bizarre so I say: "Uhhh I'm like you, just traveling east!"

At this point I am trying to get out as fast as I can when I hear another question.

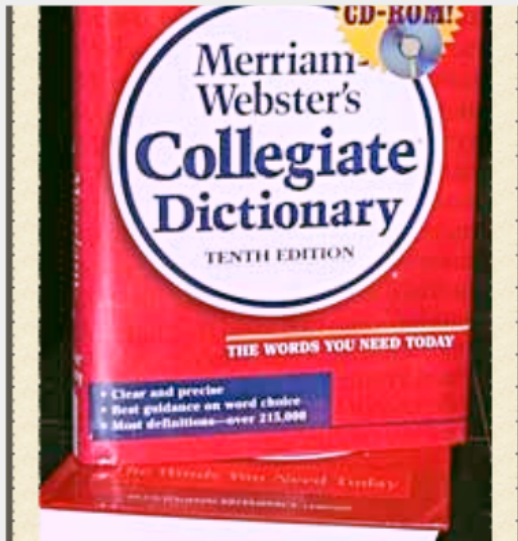

"Can I come over to your place after awhile?"

Ok, this question is just wacky but I figured I could just be polite and end the conversation.

I tell him, " Well, I have company over so today is a bad day for me!"

Then I hear the guy say nervously..... "Listen Tito, I'll have to call you back. There's an idiot in the other stall who keeps answering all my questions!"
