

you lead today by building teams and placing others first

- * Increased flexibility in ability and skill
- * More productive than groups working with an individual mind set
- * Beneficial in times of organisational change
- * Encourages team and individual development and improvement
- * Focuses on group goals to accomplish more beneficial tasks

- * Clarifying the team goals
- * Identifying the issues that inhibit the team from reaching their goals
- * Address those issues, remove the inhibitors and enable the goals to be achieved
