EXAMPLE OF CRM

Ritz-Carlton, an upscale chain of hotels, records guest preferences gleaned from conversation with customers during their stay and uses them to tailor the services that customers receive on their next visit at any other Ritz-Carlton in the world. (Injazz, 2003).

CLASS (form of CRM software) is fully integrated with the Ritz-Carlton's property management system and allows users to do most of their work at one time in one application.

Example: Bed type preferences & Smoker or nonSmoker.
