## ***Five things about Obama care***

1.Obamacare is not "FREE" health care. People have finally realized that the word "free" is nowhere to be found in Obamacare's " Affordable Health Care Act". Coverage under President Barack Obama's health care law won't be cheap.

2.If an insurance company raises premiums, they must publically justify them.

3.The amount you spend on premiums has to be spent primarily on healthcare rather than administrative costs.

4.Healthcare plans cannot limit or deny benefits for pre-existing conditions.

5.If your child is under 26, they may remain on your healthcare plan.

# ***Three pros to Obama Care***

**TheCaseSolutions.com**

- 1.The biggest benefit is that it lowers overall healthcare costs.
- 2.It requires all insurance plans to cover ten essential health benefits, including treatment for mental health, addiction and chronic diseases.
- 3.Insurance companies can no longer deny anyone coverage for pre-existing conditions, drop them, or raise premiums once they do get sick.

## ***Three Cons to Obama care***

**TheCaseSolutions.com**

- 1.increased coverage may raise overall health care costs in the short-term.
- 2.Increased coverage may raise overall health care costs in the short-term.
- 3.About 4 million people, or 1.2% of the population, will pay the tax rather than purchasing health insurance..
