Thecasesolutions.com

Apple, Inc

Apple Inc. is an American multinational technology company headquartered in Cupertino, California, that designs, develops, and sells consumer electronics, computer software, and online services. Its hardware products are the iPhone smartphone, the iPad tablet computer, the Mac personal computer, the iPod portable media player, and the Apple Watch smartwatch.

Apple was founded by Steve Jobs, Steve Wozniak, and Ronald Wayne on April 1, 1976, to develop and sell personal computers.

Verizon	\$470 - \$830	\$570 - \$930	\$670 - \$1,030
T-Mobile	\$660	\$760	\$860

Place

Apple uses a very standard plan for distributing their products. The Apple Assembly House produces the product then distributes the product to CNF, Stockist, Supermarket, Apple Web Store, and a middle man who then gives it to a Wholesaler
