- 600,000 hockey players in Canada in 2010

Thecasesolutions.com

Company Background

- Founded in 1949 in Sherbrooke Quebec
- Formerly known as Sherwood-Drolet, Ltd
- In 1976 the company introduced their flagship wooden stick described as "the best stick in the world" by Guy Lafleur
- The company is now moving most of it's production offshore
- In 2008 the company had been hurt by the transition from wooden sticks to composite sticks.
- In 2008, the company changed it's name to Sher-Wood Hockey Inc.

Issues

- How should Sher-Wood create a competitive product?

Thecasesolutions.com

- How should Sher-Wood position themselves in the market place?
- Should Sher-Wood move all their production to China?
