Administration says there is no threat from Iraq before the U.S.-Iraq invasion to a national energy plan that would limit the use of Iraq oil to help fund the war.

Maps and stats of related issue

What the Americans were really after was the oil in Iraq because they possess more than 112 billion barrels of oil and also contains 110 trillion cubic feet to supply the United States for at least 10 years and on June 30 and December 11, 2009 they awarded contracts for some of the awarded oil companies for the terms of Iraq's many oil fields. The include extraction of oil for a fixed fee of approximately \$1.40 per barrel.

The war in Iraq began on march 20, 2003.

WHY MUST WE
GO TO WAR
WITH
IRAQ?

WE MUST **TOIL** AGAINST
SADDAM'S AGGRESSION!

WE **RECOIL** AT HIS BRUTALITY
AGAINST HIS OWN PEOPLE!

IT MAKES ME **BOILING** MAD AT
HOW HE FLOUTS U.N. RESOLUTIONS!

AND WE WON'T REST UNTIL ALL
WEAPONS OF MASS DESTRUCTION
ARE GONE FROM IRAQI **SOIL!**
