About Us

like comment share

AuroLab, an integral part of the Aravind Eye Care System, contributes to the fight against needless blindness by manufacturing high quality ophthalmic products and makes it available at affordable prices across developing countries worldwide. It is a \$ 16.5 million(– 100 Cr INR) social enterprise focusing its operations mainly on bringing high end technology in the west to developing countries quickly, developing niche or orphan products needed by the ophthalmic community and maintaining international standard product quality

Product Range..

like comment share

AuroLab has five divisions dedicated to develop and supply need based products. Our product range spans across intraocular lenses, ophthalmic sutures, surgical pharmaceuticals, wide range of eye drops, diagnostic and surgical equipments, ophthalmic silicone implants, antiseptic and disinfectants used in hospitals.

COMMITMENT TO OPHTHALMOLOGY:

High quality & safe products:
All the ophthalmic products in the market by us undergo thorough clinical research and are evaluated by subject matter experts in the organization coupled with very strict environment, in quality control, equipments and process inputs records before we deliver the products to the user and manufacturer.
Quality:
The end goal of our production facility at AuroLab, we have allowed a quality cell to monitor the best technologies available in the user's industry of choice. It is highly audited and meets industry standards. Some of the key areas being Indian FDA & WHO standards in 2006, HIPAA products in 2006, HSP-9000: KS-1 in 2001, Open Layer Pharmaceutical in 2008.
Wide Products:
Our high level of focus in ophthalmic lens and close association with AACS allows us to demand and develop products that are specifically needed for application. The nature of our organization has enabled us to manufacture products using high end and modern technology, such as our soft contact products, long shelf life eye drops, preservative free, sutureless, sutureless eyes, Red Eye, Ocular Pro, Photo After Refractive Lens, Laser treatment, LASIK etc.
List of countries where we have presence are: Argentina, Chile, Colombia, India, Israel, Jordan, Kenya, Lithuania, Mexico, Philippines, Sri Lanka, Thailand, Taiwan, Turkey, USA, UK, Vietnam, and many others.
