# GROUP PROJECT LAYOUT

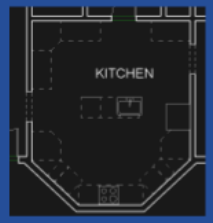
## Island Kitchen Layout

### ADVANTAGES

- Added counter space
- Added storage
- Can be used for almost any purpose

### DISADVANTAGES

- Takes up floor space



## Finished Floor Plan

### ROOMS

- Master Bedroom
- Master Bath
- 3 Bedrooms
- Utility Room
- Kitchen
- Garage
- Game Room
- Dining Room
- 2 Baths

Had you been given a different kitchen layout, would the room arrangements or floor plan looked differently?

Looking at your teams design, do you think it could be improved?

Did having input from others help speed up or slow down the design process?
