SPAIN
Physical Map

Thecasesolutions.com

Spain is the second largest country in the Western Europe after France. It shares the Iberian Peninsula with Portugal. The Meseta covers most of Spain, most of it is flat but it is crossed by several mountain ranges. It borders Portugal, Gibraltar, Andorra and France.

Area: 504,780 sq km

Population: 40,000,000

Clima

Thecasesolutions.com

Spain has a Mediterranean climate with hot, dry summers and mild, rainy winters during the spring and autumn. The mountains surrounding the plateau have a continental climate and often experience heavy snowfall. The snow in Spain doesn't stay mainly in the mountains.
