

LEVERAGING ISRAELI TECHNOLOGY IN THE UNITED STATES

LEVERAGING ISRAELI TECHNOLOGY IN THE UNITED STATES

Technology Discoveries

U.S. & Bolivia

- The U.S. uses their most advanced technology for discovering things with NASA, and making tons of aircraft materials.
- Bolivia uses technology to find many different minerals, such as, zinc, gold, and bronze.
- Both the U.S. and Bolivia use technology to find new things and make discoveries.

The U.S. uses
it's most
advanced
technology
for NASA
and aircraft
discoveries.

Mining is
Belivian

source of
technology.
