

National Casualty Insurance

National Casualty Insurance

Job Tasks

- Investigate, evaluate and settle claims, applying technical knowledge and human relations skills to effect fair and prompt disposal of cases and to contribute to a reduced loss ratio.
- Adjust reserves or provide reserve recommendations to ensure that reserve activities are consistent with corporate policies.
- Resolve complex, severe exposure claims, using high service oriented file handling.
- Pay and process claims within designated authority level.
- Examine claims investigated by insurance adjusters, further investigating questionable claims to determine whether to authorize payments.

A check mark.
