Quote from a school
principal, 1815

Thecasesolutions.com

"Students today depend on paper too much. They don't know how to write on a slate without getting chalk dust all over themselves. They can't clean a slate properly. What will they do when they run out of paper?"

What kind of place should school be and what should students do there?

What do we do with students who present continual and consistent behavior disruptions?

How do we effectively teach students with a wide range of academic levels?

How do we address the classroom management issues of today?

Margaret Mead noted:

"If children do not learn the way we teach, we must teach the way they learn."
