SELF-REFLECTION

South 2019/2020

My growth in 2019-2020 was in my ability to lead a team of friends and to be prepared for what school had in store for me. I learned how to be a leader and how to be a team player. I also learned how to be a good friend and how to be a good student.

My biggest accomplishment was being able to lead a team of friends and to be prepared for what school had in store for me. I also learned how to be a good friend and how to be a good student.

My biggest challenge was being able to lead a team of friends and to be prepared for what school had in store for me. I also learned how to be a good friend and how to be a good student.

SELF REFLECTION

Growth & Development

person throughout my high school years. Going in as a freshman i was aware of the challenges high school had in store for me, specially because it was really different from middle school. Throughout the years i made new friends and met teachers that became

Lifetime & Career Goals Thecasesolutions.com

change in my plans after high school but i never knew what i wanted to do. I decided to go to flight attendant school and also get my business degree to start my own line.

Field Trips & Projects

to go on any field trips while attending Albuquerque High. The project that i worked on while attending Albuquerque High that i was very lucky to be apart of was the Christmas project. I was fortunate to be able to be apart of it my 4 years of high school, it touched my heart to see the kids have less and see their faces light up while opening their presents.

EXPERIENCE

babysitter

December 2016- PRESENT

I take care of my cousin's son on the weekends when she wants to go out or either during the weekdays if she has work.

AHS DECA snack bars

August 2015 - November 2015

I worked on packing the pizzas and also on the cash register.

Dog sitter / House sitter

May 2014 - PRESENT

I stay at my mom's boss's house to take care of the house and dog when she leaves out of town for business.

EDUCATION

Albuquerque High School, 800 Odelia Rd. NE,
Albuquerque, NM 87102 — *High school diploma*

August 2013- Present

I am currently attending Albuquerque High School as a Senior. I'm very involved in Senate since my sophomore year. I've received a certificate for participation in Senate. Also I've got 2 letters, once from senate and another one from DECA. I'm planning to graduate on May 15, 2017.

SKILLS

- Being involved in senate, babysitting, dog/house sitting I truly believe I do have the skills to be a leader because that's what it takes to do all the the things above.

AWARDS

DECA Academic Letter I received this at the end of my sophomore year.

Senate Academic Letter I received this at the end of my junior year.

Senate Certificate I received this at the end of my sophomore year.

LANGUAGES

My first language was spanish. I first started to learn English in kindergarten.

TEACHER RECOGNITION

Thecasesolutions.com

i am writing this letter to you to show you my appreciation for everything you have done the past 4 years of my high school experience. I have thoroughly enjoyed having you part of my life. All the times you have gone the extra mile not only for me but for many other students and we are very thankful for that. it is not a common thing to be able to have a great teacher like you, you manage to interact with us as a class on a different level than most teachers. You are more than just that you have become a role model, a savior, a friend, and a parent to me. Your belief in us gives us a sense of hope and makes us believe in ourselves. Thank you for overcoming the daily struggles of a complicated education system, and still dedicating yourself to us. I am looking forward to taking all the lectures and advice you have given me into my new life out of high school and maybe one day if i have kids i get to tell them all the wonderful memories we had together and how much of an amazing person you are. Thank you Ms. Vasquez for guiding me, inspiring me and making me what i am today.

FRESHMAN YEAR

Thecasesolutions.com

- English: Pretty easy aside the fact that we had different suds for almost the whole first semester. My favorite part was learning about the greek god's and their different powers.
- Math: Very difficult the first semester, i tried very hard to understand that teachers teaching method but couldn't. i changed teachers second semester, it was still hard but the teachers teaching method was a lot more understanding. in fact all the notes i took helped me a lot in summer school that year and helped me pass with an A.
- Science: I have always had an interest in science but i always had a hard time understanding the ways of science. Although i had a poor grade in that class the teacher saw i was trying my hardest so he would stay after school to tutor me.
- Electives: P.E was very easy but to the fact that i have always been an active girl. Photography was rocky first semester, but by second semester i got back on track and got my grade up

Thecasesolutions.com

SOPHOMORE YEAR

- English: Very easy, i got along with the teacher and her teaching methods were very understanding.
- Math: Very difficult mostly because it was in spanish so it was more of a challenge for me to understand. specially because i have always taken math in English so it was very different.
- Science: i messed up do to the fact i had really poor attendance and when i did show up i had no clue on what we were working on. i did retake it in the summer, it was very hard but i worked very hard not to fail it again.
- I did florklorico dance, i enjoyed that class very much it brought many memories from when i danced in elementary school. I also joined senate and i fell in love with having the privilege to be a leader at school and helping plan everything that goes on with the school.

Thecasesolutions.com

JUNIOR

- English: very easy i enjoyed that class a lot. the teacher and i got very close and her teaching methods helped me a lot that i carried them with me into senior year
- Math: Very easy, it was like repeating Algebra I. some assignments were pretty rocky but i had my notes from freshman year saved up and those helped out a lot.
- Science: I enjoyed that class a lot. i had always wanted to learn more about outer space and the planets.
- Electives: i had culinary arts which wasn't much of a challenge since i already kinda knew what i was doing. I also had senate and i got very involved that year helping set up homecoming and winter ball, i also helped out my best friend plan an unforgettable prom.

SENIOR YEAR

- English: Very easy, rocky the first semester due to the fact i had really bad senioritis so my attendance was bad but by second semester i hardly ever skipped class and got my grade up.
- Math: Very hard for me i got the teachers teaching method but i just couldn't understand. we also had a student teacher so from time to time he would lecture us and it was very hard for me to understand.
- Elective: I had spanish online which was very easy for me also because spanish is my first language so it wasn't much of a struggle to me.
