Assembly Bill 2193

Sustainable Conservation shared a link.

Posted by Mana Mostatabi [?] · Yesterday · Edited

We're excited to announce that four new supporters have joined the effort to pass Sustainable Conservation-sponsored AB 2193! This bill, which would establish a simplified permitting process for landowners wanting to implement small-scale, ... See More

Sustainable Conservation – Assembly Bill 2193
suscon.org

Over 350 fish and wildlife species in California are considered threatened or endangered under state and federal law. In order to not only protect but recover these species, we must speed up the pace of habitat restoration across the state. However, despite...

Conservation Tillage in the Central Valley (10 photos)

Sustainable Conservation's Modesto team recently assisted a Central Valley farmer in implementing a sustainable farming practice known as "conservation tillage." This method of low-impact cultivation reduces the number of tractor passes nee... See More
