

One Step Forward

Remember, this is one of the first and best video competitions ever to identify and honor exceptional teens whose ideas can change the world.

We will be using all social media outlets - Facebook, Twitter, Pinterest, Instagram, YouTube - to share daily in counts, weekly updates, and monthly releases.

The best news is that the competitors can share their video with anyone on any one of the social media. The reach of this project is limitless.

This project will bring us one step closer to the future... and you will be right there with us!

7 Reasons To Support America's Amazing Teens

1. To help you identify and select the most innovative ideas.
2. To showcase the talents and abilities of our nation's youth.
3. To provide a platform for our nation's youth to share their ideas and innovations.
4. To provide a platform for our nation's youth to share their ideas and innovations.
5. To provide a platform for our nation's youth to share their ideas and innovations.
6. To provide a platform for our nation's youth to share their ideas and innovations.
7. To provide a platform for our nation's youth to share their ideas and innovations.

MEET THE AMBASSADORS OF THE AAT PROJECT!

HOW IT WORKS

Brilliant teenagers across America will upload a short video presenting their groundbreaking project, research, invention or technological breakthrough. After an extensive vetting process, the best and brightest teams will be placed into the competition. Members from our esteemed advisory board, as well as the online voting public, will vote for the 12 monthly finalists.

LENGTH OF CONTEST: 12 month online campaign.
WHO CAN ENTER: Teenagers (13-19 years old) across the country.

WHY THIS MATTERS

We will showcase amazing teens that have made exceptional discoveries, advancements, and innovations in their fields.

It's time to show America that teens are the future, and they will change the world we are living in.

OUR PLAN

To form a company that oversees the competition, creates a management and marketing vehicle and drives enterprise value for the teens.

What If....

the answers to some of the world's greatest problems rested in the mind of a teenager?

...BUT the teen doesn't have the funds or expertise to make them a reality?
