By 8:46 A.M. on September 11, 2001, 14,000 people had arrived at the World Trade Center's twin towers, ready to start their workdays with no warning of what was about to happen.
The North Tower

Thecasesolutions.com

Flight 11 crashes at about 219m/s into the north face of the North Tower (1 WTC) of the World Trade Center, between floors 93 and 99. No one above floor 91 survived.
Flight 175 crashes at about 264 m/s into the south face of the South Tower (2 WTC) of the World Trade Center, between floors 77 and 85.
Why Should We Care?

The attacks killed 2,997 people and caused at least $10 billion in property and infrastructure damage.

National September 11 Memorial & Museum

The memorial & museum are where the twin towers used to be. It is 30 ft below street level. A memorial was planned in the immediate aftermath of the attacks and destruction of the World Trade Center to remember both the victims and those involved in rescue.
