Hanan Ahmed Marzooq	20120962
Reem Hussain	20121306
Ameena Rashid Abdalrhman	20134103

Hey,

Disadvantages

- Incorrect inference of the student performance
- Less attention on the subject that are not included in the test
- The students decreases the effort due to the disappointment.
- The students become more competitive.
- Decreases the value of the grades.
- The administration waste resources for preparing for the test.
- Lead the teacher to teach to the test.
- Students are repeating the same grade or not receiving the certificate.

What is Testing ?

To be specific
"Testing is viewed as both a system of monitoring student performance and a vehicle of change driving what is taught and how it is taught, what is learned and how it is learned." (Madeus G. & Russell M. 2011, p.21)

What is Testing ?

TheCaseSolutions.com

Also it can be defined as:
Testing, in education and psychology, is an attempt to measure a person's knowledge, intelligence, or other characteristics in a systematic way.
