Reason #1

I'm not necessarily passionate about the show but it really does suit my interest.

The show is really interesting to me because it reminds me of high school and all the drama that goes on.

There is a lot of backstabbing and love drama in the show which typically happens in high school a lot.

The show is also interesting because most teenagers can relate because the drama in the show is just like high school drama and watching something that you can relate to makes it more interesting.

Reason #2

Another reason why I love the show Vanderpump Rules is because I love Reality shows.

I'm into reality shows like The Housewives, Jersey shore and The Real World.

The reason why I like reality shows is because they are based on real life situations and sometimes the situations in the shows are relateable.

I'd highly recommend watching the T.V show Vanderpump Rules if you enjoy reality shows because in my opinion its the best reality show.

Reason # 3

The last reason why I enjoy the show Vanderpump Rules is because its hilarious.

In the show Vanderpump rules the employees always get into arguments for stupid reasons and when they physically fight its funny and entertaining especially because its for pointless reasons.

The show is also funny because everyone is fake to eachother when they are all friends.

Everyone in the show acts differently and has different personalities so fights start alot in the T.V show.

Conclusion

In conclusion, the main reasons why I am passionate about the T.V show Vanderpump Rules is because it is interesting, funny, and I love reality shows.
