- High central and state taxes on ATF, MRO and Service tax

Porters

5 force analysis

Thecasesolutions.com

Threat of New Entrants

- High Cost of Entry
- Strong Existing Players
- High Fuel Cost
- High Cost of Leasing Aircraft's, Safety and security measures

Rivalry

- Many players
- Intense price competition
- Excess capacity
- Homogeneous product

Thecasesolutions.com

Threat of Substitutes

- No perfect substitute for international carriers
- Domestic carriers- Cars, Buses, Train
- Substitution of need- Video Conferencing, Tele-Presence

Thecasesolutions.com

Power of Suppliers

- Aircraft supply is dominated by Boeing and Airbus
- Aviation fuel is a traded commodity
- Moderate size of aviation labor market

Power of buyers

- Heavy intra industry competition for same set of customers
- Nominal switching cost for customers
- Minimal differentiation between other carriers

Making Brand

IndiGo

- 'India' and 'Go'- a smart shorthand for nation.
- Business + Branding = Buzz.
- A young fleet for a young India.
- How we do it.
- Future's looking bright.
