The case solutions. com

Friends will show their true colors , so don't cling to them or make them your center, because friends will turn on you...principals should be your center you will make more

friends, if you do so

survival tips

The case solutions.com

1) choose steady friends 2)make as many friends as possible 3)stop trying to be popular, be your self 4)tired of being a Alpha/Beta girl be a gamma girl 5)forgive your friends and they will forgive you 6)confront a bully or find a way to live above it 7) friends should be win-win not competition 8) friends may change but that is okay

popularity Thecasesolutions.com

 (+ plus side- popular people are nice to everyone
 (-) negative side- people are only popular to themselves, they think they are better then everybody else

alpha - popular, queen bees, protectors of their clique beta- queen bee wanna be Gamma- not popular, smart, popularity is overrated, picked-on, self confident
