Easy Ways To Help Save The Earth

1. Reuse Plastic Bags
2. Buy Rechargeable batteries
3. Get crafty (DIY)
4. Shop at Second Hand Store
5. Reuse and compost food waste

Fun Facts!!!

Aluminium cans can actually be recycled and put back onto the shelf at your local grocery store in just about 2 months

If you throw away your aluminium cans, they can stay in that can form for up to 500 years or more- so recycling is the way to go

Recycling an aluminium can can help to save a great deal of energy, in fact, it is enough to run your home television for about three hours!

Most people produce 4.4 pounds of trash per day that results in about 1.5 tons of solid waste per year.

Aluminium used to be more valuable than gold, many years ago.
