The Wise Family

The late Samuel Huffmaster

Roots:

At the age of 62, my grandfather- or how I like to call him "pa-pa" was sadly diagnosed with leukemia in 2009. Later, on March 15th, 2010, he passed away but left a whole family that he raised almost entirely on his own, with great confidence and courage.

R.I.P.

Mrs. Myrna Huffmaster

This very beautiful woman, is my grandmother. She has played the mother in the grand making of the family. With many years of multiple jobs and titles, she has a lot of experience in the workforce and knows many skills and trades. For 64 years she has blessed our whole family, and will continue to do so.

The late Morris Wise

Another great man in our family, who was called to rest on September 15th, 2009. Back in the day, he owned a television and radio shop in Quitman. To our family he was known as the engineer. He knew how to fix everything physical, or emotional.

The FABULOUS June Wise

At the ripe age of 65 and still shining! June wise is my crazy and very fun-filled grandmother. She is the mother of my dad, Jeff wise. All her life she has been exciting, loud, and fun. Yet at the same time, she has held us strong and understanding. Though, she's still crazy. No doubt about that.

My Parents

Jeff Wise, is my so very curious and strict father. Although he comes off strong, he knows how to laugh. He is the main provider for our household. At the age of 42, he has worked almost his whole life to keep us on track. He has

done a number of jobs for many people in Quitman, known as "the repairman."

The World's best Mom

For 17 years, I have been taught almost everything that I know from my mother, Lisa Wise. I don't see her as just a mother, I see her as my teacher, my friend, my authority etc. For our family, my mom knows EXACTLY how to make anyone feel better. She never leaves anyone unsatisfied. I guess it's true, "Mama knows best"

My dear brother

Michael Wise. The name of my lifelong rival. while the two of us are separated by a decade, (me being the younger brother) we compete in many things. My brother Michael is a very talented singer and has always been in music (like most of our family). He's been in several different bands and now he makes music videos for them and other bands as well.
