

New Economy, New Wealth

The current economy is ending.
And that's actually good news.

Each level functions with
VERY DIFFERENT currencies

Dollars won't take us where we need to go,
so it's time to be building new ones.

Wealth: A Living Systems Model

How can I get started?

Symbionomics

The economics of living together;
Principles of full systems wealth

<http://www.Symbionomics.com>

Are you ready for the shift?

Metacurrency Project

Building protocols and platforms to
"open source" the next economy

<http://www.Metacurrency.org>

New Currency Frontiers

Developing resources for understanding
new currencies and the next economy

<http://www.NewCurrencyFrontiers.com>

On the other hand, given the state of affairs in world,
maybe we don't know as much as we thought.
