Millwright

A Millwright makes the stuff we need like cellphone, elevators, (etc...)

Thecasesolutions.com

the millwright install and things to uninstall the
Without the Millwright's we will not have the electronics
Job: Millwright   City State: Memphis TN
Company: Tradesmen International Inc.

My Presentation

SHEET METAL WORKER

Thecasesolutions.com

IT SPECIALIZE, FABRICATION, INSTALLATION, OR MAINTENANCE.

SHEET METAL WORKERS TURN RECYCLED STUFF INTO USEFUL THINGS LIKE A CEREAL BOX.

THEY ARE IMPORTANT BECAUSE THEY RECYCLE SOME THING INTO THE THING WE USE NOW.

Questions I have for you?

1. Why is Manufacturing so important to us.
2. What is the job that has 2 locations and companies.
3. Which job is the most important?

Manufacturing

Thecasesolutions.com

Manufacturing means the making of goods or wares by manual labor or machinery.

Manufacturing Jobs

Thecasesolutions.com

Some Jobs of Manufacturing are The Millwright, A Quality Control Technician, and a Sheet Metal Worker. These jobs makes us the things we need for life and work.

Quality Control Technician

Thecasesolutions.com

A Quality Control Technician tests the materials before, during, and after the production to see if the product is safe.
If we didn't have the Quality Control Technician and some of the products weren't safe then we would be hurt or injured.
If our phones were dangerous but we didn't know we would all be burned, shocked or really badly injured.
Jobs: Quality Control Technician   City state: Maryville, TN/Memphis Tn
Company: DENSO, Smith&Nephew
