### MY BRAIN

Wicked is a musical about the green witch who made deals with the devil in order to become the head of the Wicked Witch of the West. The musical is set in the land of Oz, and it tells the story of how she became the Wicked Witch of the West.

### ANIMAL CRUELTY IN OUR WORLD

Some Facts

"The residual experience for animals can be harmful, shocked, punished, isolated, harmed, add stress, and brain damaged."

• Kid goats are boiled alive to make gloves

• Among all the victimized animals, dogs are most subjected to cruelty followed by cats and pit bulls are the most victimized among dogs

• In the year 2000, it had been reported that over 7,600 greyhound puppies and 11,400 old greyhound dogs were killed

Animal cruelty is a huge problem in our world. Animals should be treated with respect and love.

• In 2006, over 350,000 baby seals were killed by clubbing during the annual Canadian seal hunt

Both of these issues are prominent in the musical Wicked. Unfortunately, while there are some acts of rebellion against these issues, neither really get resolved within the show.

These are some pictures and information about animal cruelty. Please do not use these pictures for anything. They are only for information. Please do not use these pictures for anything. Please do not use these pictures for anything. Please do not use these pictures for anything.
