Miss Naphawan Insee

Master Business Administration (MBA)
Graduated School of commerce : Burapha University

The benefits from Internship Program

- Knowledge.
- Work experience.
- Decision Making.
- Solving unexpected problems.
- How to manage documents and data.
- Deferential / Respect other people.
- Punctual.

Problems and obstacles

The Problem:

Communication

Shift A

Shift B

Sometimes I have to communicate with the staff but they not same shift with me.

How to solve the problem:

I solve the problem by come to the company early for meet the staff that I want to contact.

Suggestion

- ***Internship Meeting:***
for the intern can present about what is the knowledge that the intern learn from working.
- ***Evaluate between the internship program:***
for the mentor will evaluate about the intern's work performance and make the intern know about what is the weakness of themselves, so the intern can improve on that point.

THANK YOU
