

Differences in motives for joining a group

1. Task
2. Socioemotional

Diversity of learning styles

1. Reflective Observation (thinking reflectively)
2. Abstract Conceptualization (reading/solitary study)
3. Active Experimentation (trying different things to see what works)

Personality differences

1. Introvert/Extrovert
2. Sensor/Intuit
3. Thinker/Feeler
4. Perceiver/Judger

Global Challenges

Each of you come up with one solution for your respective challenge. On a full sheet of paper, write down your name/date/solution. You have 5 minutes.

Group Activity:

Get into your group, each group needs to select the top two solutions.

The top two solutions are to be e-mailed to me no later than midnight tonight.

E-mail should be titled: CLASS MEETING TIME/
