# The Problems of Korean Education System

**Minju Kim**

**Do you want to move back to the time when you were a middle school or high school student?**

# Contents

## 1. Introduction

## 2. Body

- Current State
- Actual Problems
- Solutions

## 3. Conclusion

# 1 Current State

Please pay attention to my story!

# 1 Current State

## "Academic Acceleration"

- Learning before school
- Learning beyond level

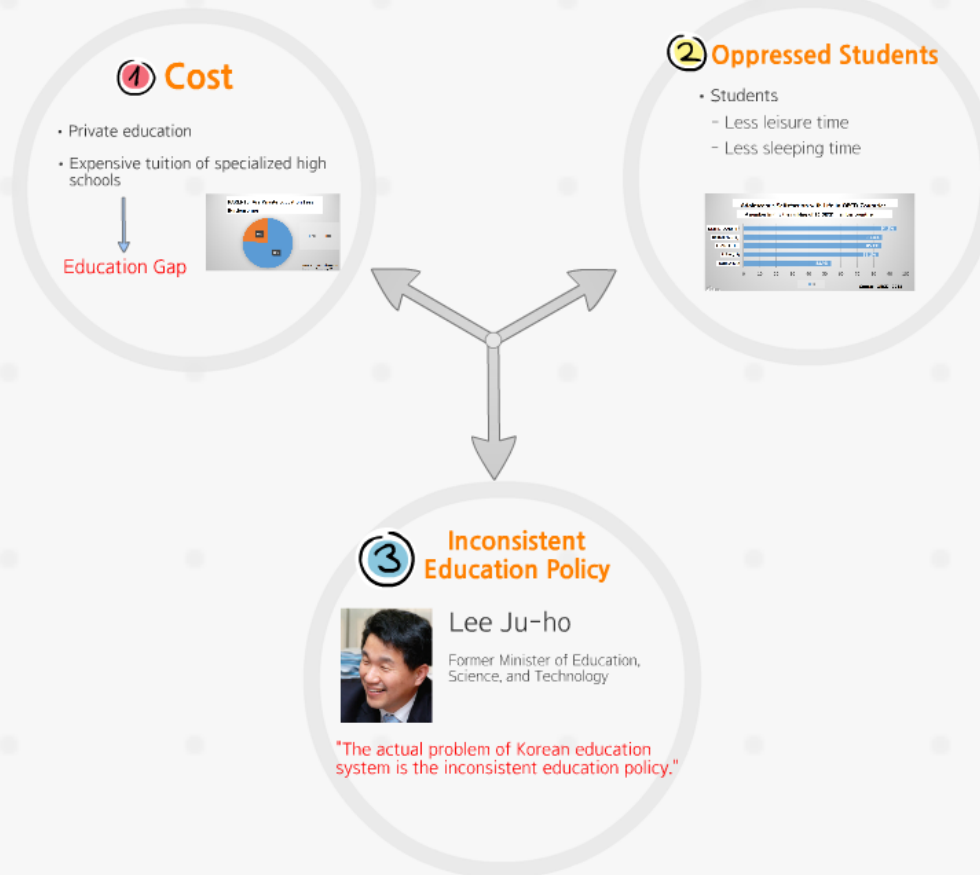

**Excessive Competition**

# 2

## Actual Problems

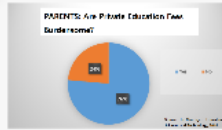

## ① Cost

- Private education
- Expensive tuition of specialized high schools

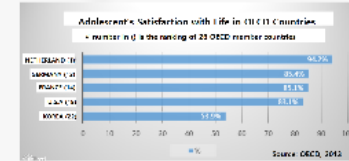

Education Gap

## ② Oppressed Students

- Students
  - Less leisure time
  - Less sleeping time

## ③ Inconsistent Education Policy

Lee Ju-ho

Former Minister of Education,  
Science, and Technology

"The actual problem of Korean education system is the inconsistent education policy."
