# Capstone Project

# College Criteria

## School type

Find out the type of school you are looking for and what you can expect from it.

## Size

The size of the school can make a difference in the level of attention you receive from the staff.

## Extra-Curricular Programs

Find out if the school offers any extra-curricular activities that you are interested in.

## Distance from home

Think about how far you will have to travel to get to school and how long it will take.

## Program Of Study

Find out what subjects are offered and if they are the ones you are interested in.

# School type

The school type I look for was a community type of college since there isn't as much people as there are and everyone helps each other when needed.

# Size

The size of the school can more or less be around a thousand or so, but the class around 20 or so students.

# Program Of Study

The program of study I will be joining is the AA which stands for Associates of Arts

# Extra-Curricular Programs

I do not know if I will participate in a extracurricular activity, but I will look into it.

Distance from home

# Distance from home

The distance from from can be more or less a mile or so from my house to the college.
