

Internet Security

Internet Security

Learning how to stay safe on the internet, on your cell phone and in the cloud is critical to protecting your identity and privacy.

- Mnemonics (*Pick a phrase you'll remember NOT Birthdays, Child or Pet Names*)

Keep Your Software up-to-date

- Especially important with PCs
- Keep Browsers updated
- Chrome is automatic
- Firefox & Safari will ask you
- Internet Explorer - Windows operating system updates include IE
