Quality Management Plan (QMP)

Thecasesolution.com

What Is It?

A Quality Management Plan (QMP) is an agreement between Safety Codes Council (SCC) and the corporation; granting the accountability to administer the Safety Codes Act, including all pursuant regulations applicable to the disciplines in which it is accredited, on properties owned by or under the care and control of the Corporation

Safety Codes Act

- Legislative framework for public safety program, that makes Alberta a safer place to Live, work, and play
- Provides consistent administration and delivery of safety standards and inspection services throughout Alberta
- Administered by the Safety Codes Council
