Iceland also has "interesting" food

Shark dish

Sheep heads

Interesting huh??

Fantastic facts on Iceland

A lot of people in Iceland believe in elves. Some roads in Iceland have been named so people don't disturb the area's where elves are thought to live.

More than thirteen percent of Iceland is covered in snow & glaciers.

The show "Lasty town" was created and produced in Iceland!!

The Icelandic language hasn't changed for over one thousand years!

In 2005 Iceland was ranked the fourth happiest nation in the world!! There are about 280 nations in the world!!

Iceland is the most sparsely country in Europe. Sparsely means "scattered"

Iceland's main industry is fishing. People fish for small things (cods) and large things (sharks). They are later made to food that we would NEVER eat.

Important info on Iceland

Capital: Reykjavik

Population: about 400,000 people

Currency: Icelandic Krona

Iceland!!!!!!

By: Gaby Kic and Kamila Szewedo

Famous Attractions

Some places or natural things like the Northern lights in Reykjavik (Iceland's capital), waterfalls, & some awesome spa's (in blue lagoon) are all in Iceland!

Culture!!!!!!

Unglist is a festival (in Iceland) that celebrates the art festival of younger people. This festival is celebrated in August. This festival includes fashion, photography and music. This festival helps showcase art in the public!

Iceland airwaves is a festival (in Iceland) for DJs. It is also a music festival that includes a lot of popular bands from around the world. This festival often takes place in Reykjavik but also takes place in other parts in Iceland.

Pretty Iceland

Even though the name "Iceland" sounds like a cold name, it doesn't mean that Iceland can't be beautiful too! Some of Iceland's nature make this country beautiful and shine, like the northern lights, the misty waterfalls, cold and warm caves, and awesome soothing spa's at the blue lagoon!
