Christian Education

KNOW :

During CE this year, we have studied many Bible characters in the Old Testament. One Bible figure that really stood out to me was Joseph. Joseph was the 11th son of Jacob and wasn't very liked by his brothers. Joseph was already his father's favorite and when Joseph had been given dreams of God's plan for his life, his father was especially happy and his brothers hated him even more. Joseph tried really hard to fit in with his brothers but eventually things didn't work out for him. But, with confidence and strength, he endured in this amazing story in Genesis.

Love :

This year, I have grown tremendously in my faith.

One example is that during this year, I have a much better understanding of the books of the Bible and Bible characters.

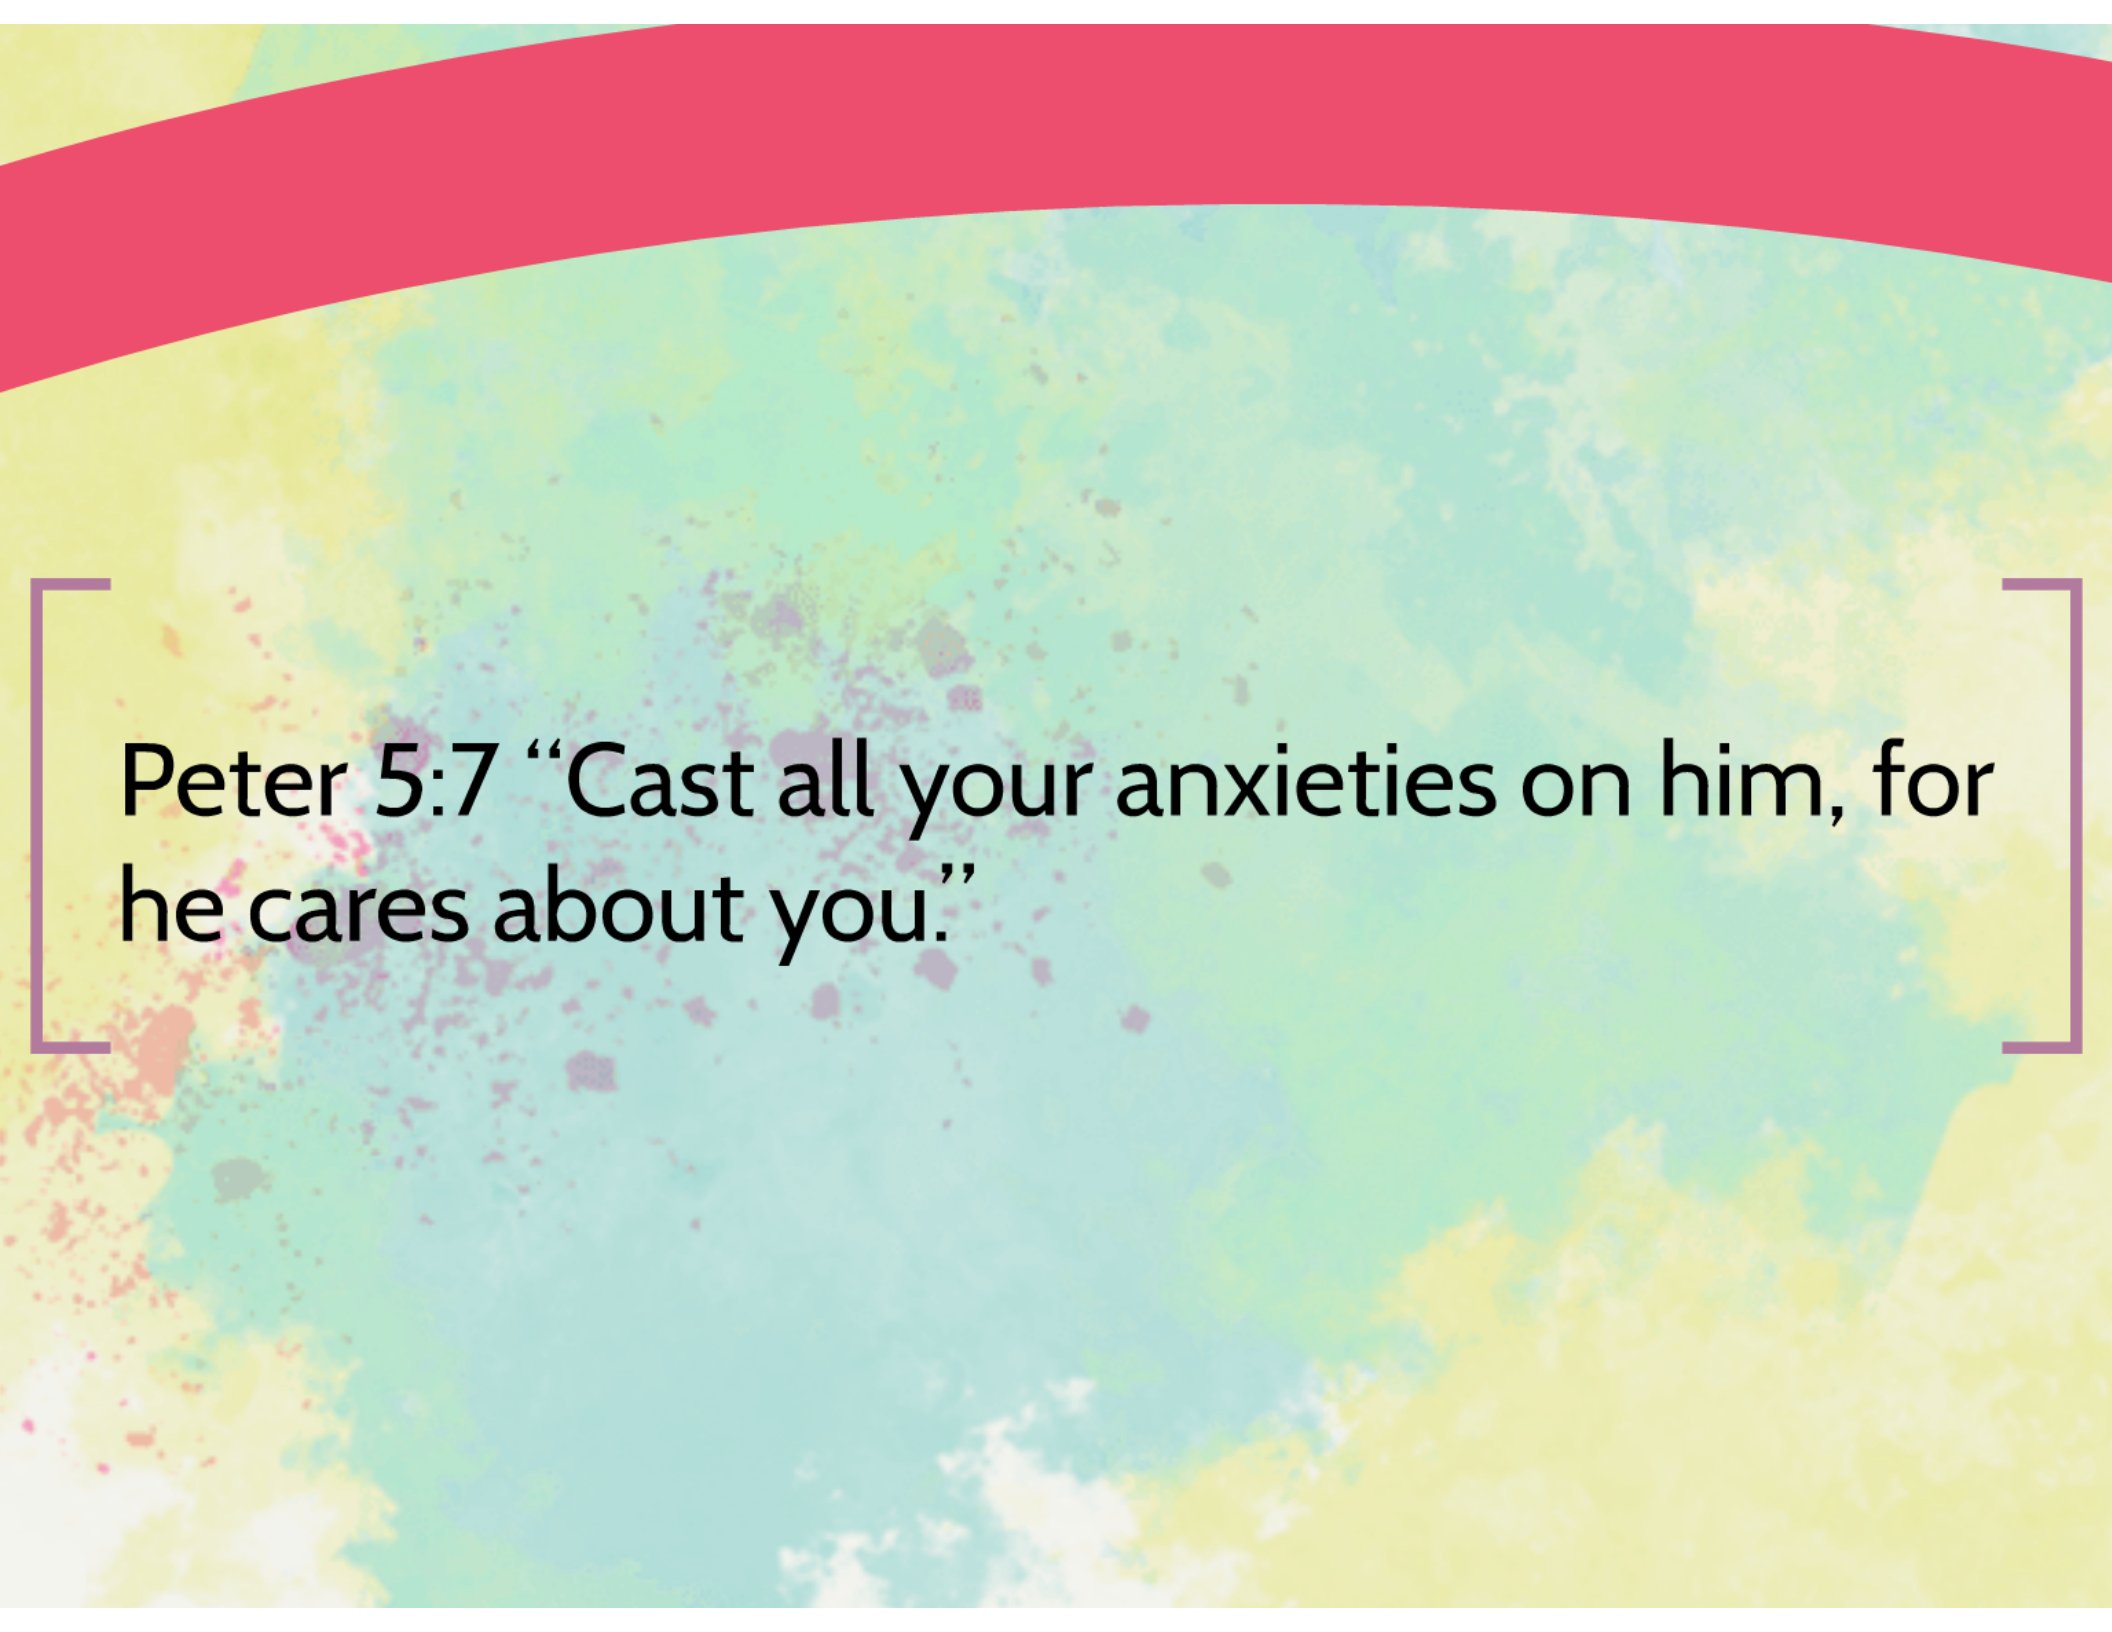

Secondly, I used to doubt my faith.

Finally, I used to go to church for special events (Christmas, Easter, etc...) but now, I go as much as possible.

Serve :

The benefits I have received from participating in community service hours are of course a better label for myself. What I mean by this is that when people think of me, they hopefully refer to me as a helper or anything kind. But more importantly, I've made better friendships with many other people while doing my service hours. Doing my service hours made me feel like a better person because I know now that many people can count on me to help them. Also, I know now that I can count on other people to help me as well.

Reflection

How does the story of Joseph relate to me? Well, everyday as a teenager especially, it is hard to fit in with modern day society and still be the person you truly are. Just like Joseph, teenagers everywhere just need confidence in themselves and they will accomplish incredible things.
