# **CRITIQUE CASE STUDY (CHINA IN AFRICA: THE CASE OF SUDAN)**

# INTRODUCTION

**The case study "China in Africa: Then, “The Case of Sudan” provides an evaluation of China’s political economy and business-related involvement in Sudan regarding the various implications of the interaction. This particular case analysis seeks to give a pessimistic view on the case solution provided by TheCaseSolutions. com, to summarize, this article gives an analysis of the site revealing the areas of strength and areas of concern that needs to be worked on.**

# **ECONOMIC ENGAGEMENT**

**The main factor that has seen China get involved in Sudan is the exploitation of the much needed natural resources like oil. Regarding the economics, the case solution provides a clear matrix and stresses the fact that china invested in the infrastructure of Sudan in exchange for the purchase of oil. Nevertheless, the answer could be developed further in regard to critical evaluation of the economic consequences of the given solution for Sudan, such as possible dependence on investments from China and the feasibility of such cooperation.**

# **ETHICAL CONSIDERATIONS**

**Evidently, one of the sensitive areas that are linked to China's involvement in Sudan is the issue on human rights. The case solution however recognizes in its analysis that the Chinese policy of non-intervention in Sudan's domestic matters has been considered as having fostered the continued rights abuses by the Sudanese government.**

# CONCLUSION

**The case solution on TheCaseSolutions – Advantages and disadvantages of employee engagement. This review on com offers an opportunity to get an overall idea of the relations between China and Sudan concerning economic and political issues. But this could be done in a better way if highlights the long-term economic effect on Sudan and other related global political situation and the ethical issue regarding the non-interference policy of China.**
