Capitalism and the Party-State: The People's Republic of China at 70

Introduction

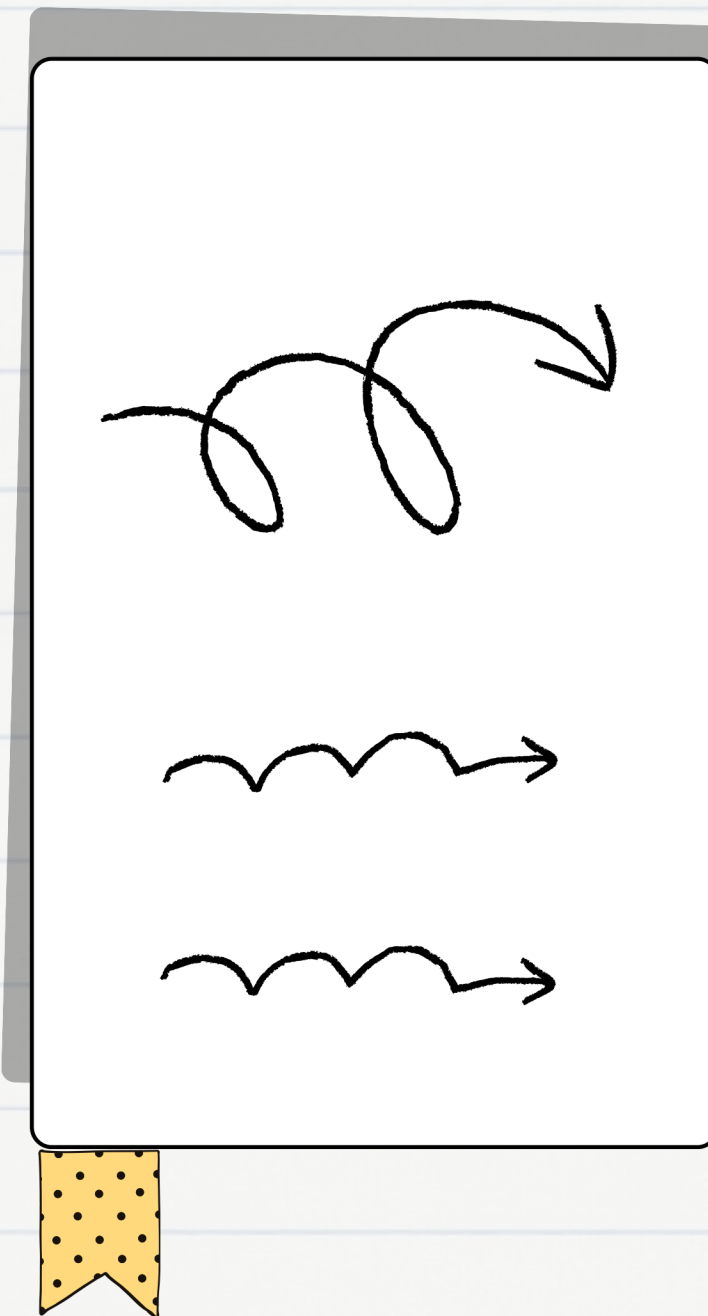

THE CASE "CAPITALISM AND THE PARTY-STATE: "THE PEOPLE'S REPUBLIC OF CHINA AT 70: XI'S WOES, CAPITALIST REFORM AND THE AUTHORITARIAN CCP" ANALYSES HOW CAPITALIST ECONOMIC REFORMS RUN IN PARALLEL TO THE AUTHORITARIAN CCP. WITH CHINA CELEBRATING 70 YEAR IN 2019, THE COUNTRY WAS CONFRONTED WITH NUMEROUS ECONOMIC AND POLITICAL ISSUES THAT REQUIRED APPROPRIATE STRATEGIC INTERVENTION FOR CHINA TO CONTINUE POSTING GOOD SCORES IN DEVELOPMENT.

Economic Policies

Current Challenges

While China has been experiencing a tremendous economic rise, the growth rate has dampened slightly in the last couple of years as people question the stability of such growth. Newer dynamics such as the trade war with the United States and the excessive debt level and structural inefficiency have aggravated these conditions.

Proposed Solutions

Inversion of green technologies and the imposition of even higher measures of environmental standards can solve for ecological problems. Advocacy, awareness of social causes, increased spending on schooling and medical facilities, and reduction in income difference can improve social order.

Conclusion

Inversion of green technologies and the imposition of even higher measures of environmental standards can solve for ecological problems.

Advocacy, awareness of social causes, increased spending on schooling and medical facilities, and reduction in income difference can improve social order. CSR and sustainable business practices will also help to pave the way towards a more socially- and environmentally-responsible and sustainable development model.
